

DOOM

WASP & HORNET SPRAY

Description: **DOOM** is a powerful, totally unique solvent-based formula that provides instant freeze action for quick knockdown, as well as superior insect exoskeleton penetration and kill. **DOOM** treats entire nests and ends re-infestation. **DOOM** features a 20-foot, super high pressure fogging spray that remains constant throughout the life of the can. This non-flammable spray has a 25,000 volt dielectric strength and can be used both indoors (attics, basements, warehouses, and other places nest are built) and outdoors on wasp and hornet nests.

Directions: Point nozzle away from face and in direction of the space to be treated. With wind at back, aim at nests in trees, bushes, under eaves, chimneys, cracks, etc. Spray while moving away from treated area. Thoroughly saturate nest with spray, contacting as many insects as possible. To prevent insects from falling on skin and clothes, do not stand directly under nest.
