

FLUSH-X

Alkali Drain Opener & Maintainer

Description: FLUSH-X's special formulation allows maximum results to eliminate clogging problems caused by processing fluids in X-Ray drains as well as all other drains. FLUSH-X will keep drain lines open and free flowing when used at regular scheduled intervals.

Directions: Use protective clothing while working with this product, specifically safety glasses and protective clothing. DO NOT USE HOT WATER OR OTHER CHEMICALS WITH THIS PRODUCT. For clogged drains, add FLUSH-X directly into drain line. FLUSH-X is heavier than water and will penetrate to the blockage. For maintenance on regular intervals, slowly pour 6-8 ounces of FLUSH-X in drain lines. Hold container at arms length. Let stand for 60-90 seconds. If drain is still clogged, repeat until drain is flowing. Then flush well with water. Never position head over drain opening.

Benefits-Features: HEAVY COMPOSITION PENTRATES CLOGS • KEEPS DRAINS OPEN WHEN USED REGULARLY

Advantages: WORKS ON NEARLY ANY CLOG • NO OTHER CHEMICALS NEEDED
• FAST-ACTING

Where to Use: FLUSH-X is a perfect solution for any clogged drain.

Recommended For: SHOWERS • BATH TUBS • URINALS • FLOOR DRAINS
• CONDENSATE DRAINS • SINKS • X-RAY SINKS
